

Kiehl-SanEco Concentrate

Sanitary cleaner with fresh fragrance

- ▲ Fast-acting, active cleaning, lactic acid-based sanitary routine cleaner
- ▲ Removes limescale as well as cosmetics residues and soap scum in the entire wet area
- ▲ A fresh and intense fragrance during use
- ▲ Regular use prevents the formation of further limescale
- ▲ Water-repellent effect
- ▲ Awarded with the European Ecolabel
- ▲ Contains renewable plant-based raw materials

Area of application

Can be used on acid and water-resistant surfaces and objects in sanitary areas. Acid-sensitive surfaces, such as damaged chromium coatings on fittings, brass, anodised aluminium, polyamide and acid-sensitive natural and artificial stone, can be damaged by products containing acid.

Application

Please test on a small inconspicuous spot before first application. 1 dosage = 40 ml. Always water joints and fittings beforehand with cold water. Rinse all treated surfaces with water.

Preparing the ready-to-use solution:

Fill the 500 ml foam spray bottle with cold water up to the mark and add 1 dosage from the 1 L concentrate bottle or using a Kiehl dosing system (e.g. DosiExpress). Fill the 500 ml foam spray bottle using a suitable Kiehl dosing system (e.g. DosiStation, DosiJet). Use the 2 L container with a suitable Kiehl dosing system (e.g. DosiStation, Arcantec, DosiJet). Screw on a foam sprayer or spray nozzle depending on the area of application.

Normal soiling

Routine cleaning (foam spray bottle):

40 ml to 500 ml of cold water.

Wet the surface with ready-to-use solution and clean with a cloth or non-abrasive sponge. Consumption: 0.4 ml/m².

Routine cleaning (spray bottle):

40 ml to 500 ml of cold water.

For toilet bowls and urinals, spray the ready-to-use solution under the rim, leave it to react for a short time, clean and flush with water. Consumption: 0.4 ml/m².

Routine cleaning (wiping):

80 ml to 8 L of cold water.

Wet the surface with cleaning solution and clean with a mop. Consumption: 0.4 ml/m².

A half dosage is sufficient for **light soiling**.

Note

Kiehl accepts no liability or responsibility for damage caused as a result of incorrect use or application of the product. Not a consumer product according to 1999/44/EC Art. 1! For professional use only! Proper dosage saves costs and minimises environmental impacts. Surfactants based on vegetable raw materials. Packaging material is recyclable. Protect from frost.

Ingredients (according to 648/2004/EC)

Nonionic surfactants 5–15%, organic acids, water-soluble solvents, dyes, fragrances.
pH value (concentrate): approx. 1

pH value (ready-to-use solution): approx. 2

Art. No.	Packaging unit (PU)	Numbers of PU per pallet
j401507	Carton of 4 x 1 L dosing bottles	112
j401508	Carton of 3 x 2 L bottles	130
